# JEWISH HISTORY

## A Story of Resilience and Survival

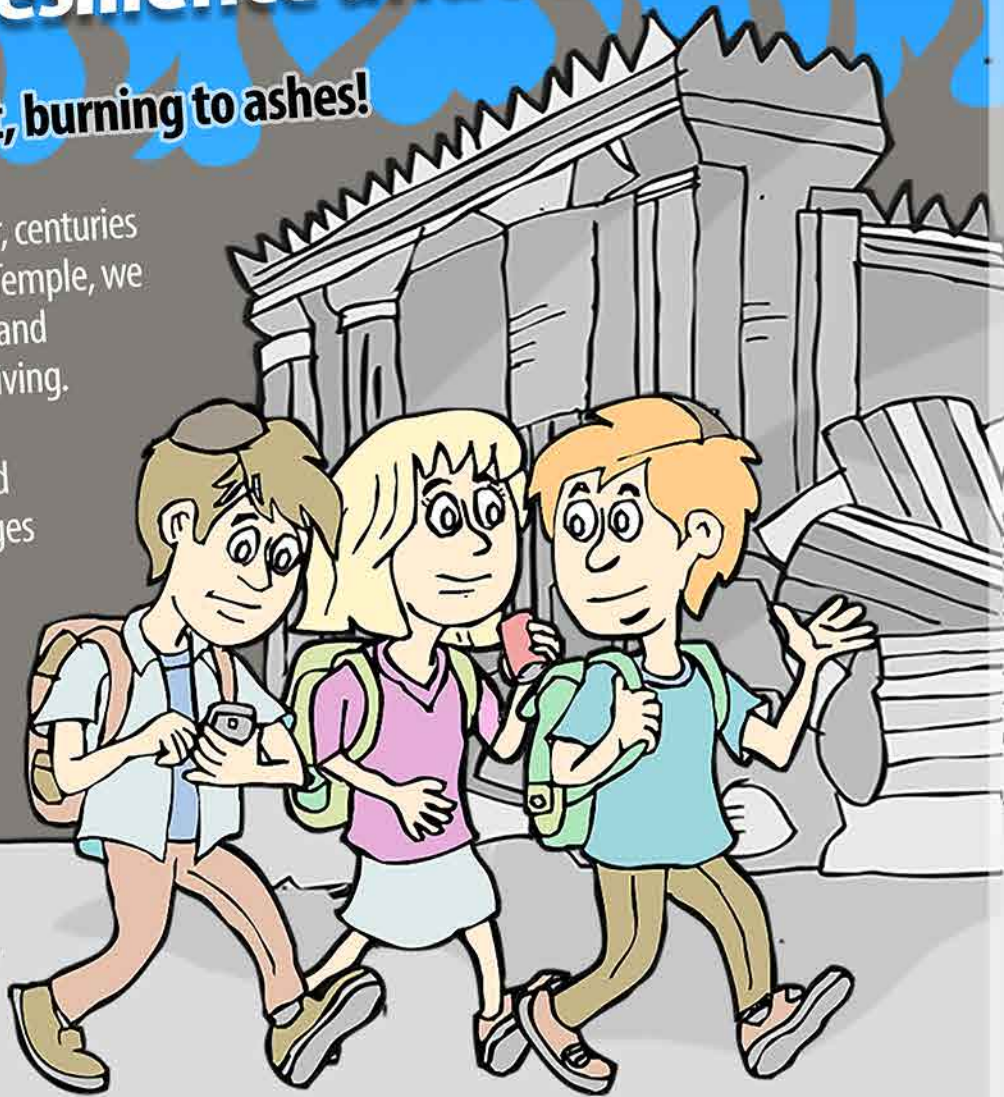

**The Temple was alight, burning to ashes!**

It seemed that all was lost. However, centuries after the destruction of the second Temple, we find evidence of the Jewish people and Judaism not only surviving, but thriving.

How did that come about? How did Jewish leaders respond to challenges posed to them by foreign rulers?

How did the Jewish people stay together despite pressures to conform?

In this two part survey course, middle school students will explore the treasures of the past, seeking and finding clues to answer these questions.
